HER Fund
at AUBMC

485 women suffer from life threatening gynecologic cancers and obstetric conditions in Lebanon every year, but not all of them have the sufficient financial means to cover their medical expenses. With your contribution, **HER Fund** can help these underprivileged women by providing effective and compassionate care, granting access to expensive diagnostic tests and treatments, and increasing awareness about women's health problems. These women need you, and together we can make a difference.

Support them today by donating to HER Fund.

For more information on how to support HER Fund, please call:
Office of Development, AUB at: +961 1 366445
